#### **Definitions**

- Witnessed to see, hear (an event/critical incident), or know by personal presence and perception
- Injury includes any disease and any impairment of a person's physical or mental condition, including minor injuries. Bodily injury includes accidental bodily injury, death, disease, illness, mental injury, mental anguish or shock.
- An **adverse event** is an incident where a patient/ client/ service user had an unexpected outcome due to unforeseen circumstances or due to an error in the delivery of their care.
- An **unusually long period of time** spent longer than normal or necessary at scene with a patient/service use due to circumstances out of your control
- A peer is someone from the same profession, who shares a similar background as the group members and who is trained to provide an empathic listening ear; low level psychological support to their colleagues and facilitate pathways to professional help (i.e. EAP, Occupational health).

40. Based on the incident that was most stressful for you within the last twelve months did any of the following apply: Yes No You personally knew the patient/client/service user personally. You had significant "hands on" contact with human remains (e.g. a severely burned or dismembered or a badly decomposed body). The incident had a profound significance for you due to being able to personally relate to the individual(s) and/or situation. You spent an unusually long period of time with a patient/client service user. The incident involved high media coverage. 41. What sort of 'work-related' support would be helpful in this situation? (you may select more than one option): Peer Support Worker Occupational Health Worker, (i.e. Counsellor/Psychologist/EAP) Talking to a work colleague not trained in peer support Talking to your manager Your GP Chatting to a family member Chatting to a Friend outside work

# Thank you for completing this survey.

This is a confidential survey. Your individual responses are completely anonymous and cannot be accessed by anyone within your organisation. The survey responses will be collated and presented to your employer.
